

Dear colleagues!

On June 14–16th, the International Congress Osteopathy Open 2019 “**Modern Approaches to the Restoration and Preservation of Health: Interdisciplinary Dialogue**” will be held in Moscow. We invite you to take part in it.

The congress will be dedicated to the issues of effective interaction between osteopaths and doctors of various specialties: neurologists, general practitioners, pediatricians, obstetricians, gynecologists, dentists and others. Leading experts in different fields of medicine will speak at the congress. Well-known foreign osteopaths and doctors (Marc Bozetto, Torstein Liem, Pierre-Hubert Dupas) have already confirmed their participation.

On June 14th a plenary session and symposia will be held at the congress:

- Possibilities of Osteopathy in Treatment of Neurological Patients. Rehabilitative Potential of Osteopathy
- Osteopathy in Treatment and Rehabilitation of Children
- Body and Emotion. Osteopathy, Therapy and Psychotherapy
- Osteopathy, Dentistry and Speech Therapy. Ways of Interaction
- Biodynamic Approach in Osteopathy, Chinese Medicine and Reflexology
- Possibilities of Correction of Functional Metabolic Disorders. Homeopathy, Applied Kinesiology, Dietetics

Workshops animated by leading Russian and foreign osteopaths are scheduled for **June 15th and 16th**.

We are preparing a cultural programme for the participants with the visit of the most famous sights of Moscow.

A detailed programme of the congress with a schedule of workshops will be sent before February 1st, 2019.

Possible participation options:

- oral communication at one of the symposia (duration - up to 15 minutes),
- poster presentation,
- attendance (participation in plenary session, symposia and workshops).

If you want to present an oral communication at the congress, you should send the following information to the e-mail address osteopen@yandex.ru **by December 25th, 2018:**

1. CV of the participant
2. completed registration form
3. abstract of the oral communication written in accordance with the guidelines.

The scientific committee of the congress will consider all submitted abstracts and select the most interesting communications complying with the topics of the symposia. If the committee considers that your communication is interesting but cannot be presented at the congress, we will be able to offer you a publication in the Russian Osteopathic Journal in the future.

Registration for the congress will be open **until April 1st, 2019**. Completed registration forms must be sent to the email address osteopen@yandex.ru.

Sincereregards,

OrganizingCommittee
