It's with deep sadness that we learned of the sudden death of Professor Umberto Solimene, President of FEMTEC. Umberto was one of the great founders of the Balneology.

He has contributed to making our discipline known all over the world.

Umberto was a man of culture, but also endowed with great creative abilities. This allowed him to be appreciated by all of us. Last, but certainly not in order of importance, his humility and his kindness.

I'd like to express my condolences and those of the entire OMTh association to the family and to the people of FEMTEC.
