11. The 7th China Hot Spring Tourism Festival has been hold on Nov 25 to 27th in Chongqing successfully, more than 400 guests joined the event.

In addition, the most important thing we have launched the first HOT SPRING Application in China - Aladdin Hot Spring; all our members will be on line, consumers could purchase the tickets and booked the trips and rooms on this application. And we plan to promote one day this application in the world, we could generate more hot sprig resort and hotels overseas into it. Hope very soon we could reconnect to the world, at that time we will be ready to invite our friends from FEMTEC and GWI to join us as well on this platform, could show China consumers all the hot spring /SPA facilities in the world.
